Programs can be subject to change.

Art in Action

Get a little messy with interactive experiences that involve hands-on exploration. This program incorporates your child's need for activity with the natural need of creativity. Get ready to explore and create!

Budding Scientists

Drop in for basic scientific principles taught through activities and experiments. Join us for a spotlight topic that is explored and taught in a fun and hands-on way to keep young minds interested and little hands busy.

Chromatography

Discover the separation of colors as it travels through water by experimenting with markers, filters, and water.

Clay Play (\$3)

Make a pinch pot, dish or creation of your own out of our air dry clay, tools and paints to take home. Purchase a project ticket at the front desk and drop in for clay play!

Colored Milk Explosions

Tired of boring white milk? Come experiment with how to make colors explode in your milk. Caution: This milk is for science experimentation only, not consuming.

Color Mixing

Experiment with mixing your own colors in color trays. There are endless shades of colors in the rainbow. What new colors will you create?

Colorful Science Saturday

Did you know that there is science in colors? Join us for colorful science stations and learn about chromatography, color mixing, and more! It's science fun for the entire family.

Discovery Ramps

It's time to ramp it up! Explore STEM concepts such as force and motion with our wooden balls and ramps. Learn the fundamentals of engineering and problem solving through hands-on play.

Financial Literacy Day sponsored by

The Friends of the Brown County Library

Help your child make sense of dollars and cents at Financial Literacy Free Day! In honor of National Money Smart Week, all admission to the Children's Museum will be FREE on this day, including additional educational activities focusing on early learning financial concepts. A storytime appropriate for ages 2 – 8 will take place at 1 pm and 3 pm, featuring Laura Numeroff's pancake pig!

Program Descriptions

Girls in Science

Interested in learning more about science, technology, engineering & Math? Girls (3-8) & their families are invited to The Children's Museum of Green Bay's "Girls In Science" event to explore a variety of STEM based careers & connect with female role models. Try hands-on activities & hear personal "STEM" stories. This program is included with general admission. *Girl Scout Troops call ahead for special pricing.

Leprechaun Lab

The leprechauns are up to their antics again! Join us for some magical science experiments inspired by the world's tiniest scientists. Who knows? You might just spot a leprechaun while you're here!

Make a Bear Den

It's that time of year for bears... hibernation time! That means bears like to drift off to "Dream Land" all winter long in their habitats. Drop in to the Imagination Station to create your own bear den habitat to take home.

Paint Your Own Face

It's time to make your face a colorful work of art! In this program, YOU are the make up artist! Paint your own face with our face paints and mirrors. What will you be? The possibilities are endless.

Painting & Pizza (pre-registered)

Drop off your little artists for an evening of painting with a break for PIZZA. During this 2-hour program, your child will create a painting on canvas. Parents are welcome to take the class along with children, but all participants must pay full price and be registered. Recommended for ages 6 and up.

Full Members \$20/ No Frills-Non Members \$25

Register at www.gbchildrensmuseum.org to reserve your spot. Space is limited. Museum play not included. No refunds.

Pint-Sized Picassos

Paint a masterpiece in our Imagination Station! Open painting is available on our art easels.

Recycled Art Studio

Let your imagination run wild by creating and inventing. Use recycled items and our featured art supplies to make a real work of art.

Seussical Crafts

It's Dr. Seuss's birthday! Let's celebrate with some nonsensical crafts inspired by the stories of Dr. Seuss.

St. Patrick's Day Art

Rainbows, green clovers, and pots of gold... that's what we love about St. Patrick's Day. You are in LUCK because we have art that will reflect this special holiday for you to take home.

Wee One Hour

Join us for thematic stories, songs, craft projects and activities tailored to our "wee ones" **ages 5 and under**. Meet in the Imagination Station for story time, followed by a craft.

Wiggle, Move and Giggle

Dance, sing and move with your toddler. Join this playful program full of games, music and movement activities. Move and groove while learning about colors, shapes and numeracy. It's bound to get you and your toddler wiggling and giggling.

Spring Break Mini Camps

Project Thrill STEM Mini Camp

Calling all thrill seekers... this is the STEM camp for you! Build rollercoasters, catapults, and amusement park rides with Lego bricks and other materials. Let your creativity soar as you learn about the physics and engineering that goes into thrill rides.
